PREAPPROVAL: TEAM PRACTICE ABSENCE

I'm requesting preapproval for my child to miss team practice. I understand that even just one cheerleader missing practice hinders our team's ability to fully practice. Missing team practice may result in rearrangement/replacement of my child's position in the routine, if this benefits the team as a whole.

Team practice absences will ONLY be considered for pre-approval when submitted at least 14 days in advance, as this gives coaches enough time to reformulate our team's practice plans and not completely waste the practice day. All team practice absences (even for school functions or pre-planned vacations) not pre-approved with this form 14 days in advance are considered unexcused.

This form does not also cancel Private Lessons. You must cancel privates at the Front Desk.
