# LENEXA CITY CENTER

A result of a community-driven planning process, Vision 2020, Lenexa City Center is Lenexa's new downtown. Combining a mix of shopping, restaurants, entertainment venues, offices, living options, and hotels, this exciting and walkable neighborhood is located at 87th Street Parkway and Renner Boulevard. The 200-acre district is conveniently located along highly-traveled Interstate 435 and is less than a few miles from the Johnson County Gateway Interchange where Interstates 35 and 435, U.S. 69, K-10, and K-7 meet. A short 15-minute walk from Shawnee Mission Park, City Center is a true live/work environment with high levels of urban design and architectural quality.

## MEETING SPACE AVAILABLE

Public institutions are also creating gathering spaces for the community at Lenexa City Center – including civic, cultural, educational, and recreational opportunities. In 2017, the City opened a 200,000-square-foot campus, including a new City Hall, Park University, the Lenexa Public Market, and Lenexa Rec Center. The Shawnee Mission School District is expected to open 1,250-seat competitive aquatics facility and the Johnson County Library system will open the new Lenexa City Center branch library on the civic campus, both in mid-2019. Work has been ongoing for the past several years, so check out the map below to see some of the things happening at our new downtown!
