

Carpools needed?

The team can't offer any rides to practice or swim meets ourselves, and we do not have the manpower on our board to coordinate individual carpools as we're sure you understand. However, if you would like to try to coordinate rides with others in your practice group, our website does offer a "Member Search" tool that you can use to find contact information for other families.

To search for contact information for other families in your swimmer's group:

1. Log on to your account on our website.
2. Click on the "Members" link at the very top of the page. (Note – this link will only be visible if you are logged into your account. The member search is not available for the general public or people who are not members of our team.)

3. Select the practice group or location that you are interested in and hit the "Search" button.

A screenshot of the "Member Search" form. The form has a red header with the text "Member Search". Below the header, there are two buttons: "Search" and "Display ALL". A green arrow points to the "Search" button. Below the buttons, there is a red text prompt: "Please click the [Search] button after each filter selection change." Below this prompt, there are three input fields: "Last Name:" with a text box, "Roster Group:" with a dropdown menu showing "Steel", and "Location:" with a dropdown menu showing "Franklin Pool". A green arrow points to the "Roster Group" dropdown, and another green arrow points to the "Location" dropdown. Below the input fields, there is a text prompt: "Please select the Members below before performing these commands:" and a button labeled "Print Member Directory".

4. This will display contact information for all families who opted into the "Member Search" when they registered for our team... and who you could contact to see if others are interested in sharing rides.
