

## **2026 PSC Family Participation Program Paradise Valley**

---

To facilitate the operation of swim meets that we host at Phoenix Swim Club, we have adopted a Family Participation Program. The intent of the Family Participation Program is to promote full participation by PSC families as we assist our athletes and coaches build a great swim club and pay the operating expenses here at the aquatic center. While the dues you pay cover the coaches' salaries, the money generated from swim meets pays for the electric, gas, water, chemicals, and other operating expenses, all of which is paid for by PSC.

For most PSC families, the program is simply a mechanism to document the volunteer service we have traditionally provided. In addition, the policy will make it easier for new families to join the PSC tradition of volunteer service. The policy outlines the following:

- Families with one or more swimmers in the National, Silver, Black, Red, or White groups have a participation goal of 550 service points per family accrued from January 1, 2026 – December 31, 2026, which includes being a timer for a minimum of 5 sessions at home meets during 2026.
- Families with a swimmer only in the Rising Stars and Starfish groups have a participation goal of 350 service points per family accrued from January 1, 2026 – December 31, 2026, which includes being a timer for a minimum of 5 sessions at home meets during 2026.
- Tigersharks, Marlins, Hammerheads, Jellyfish, Stingrays, Goldfish & Masters/Lap do not have a participation goal, but you are encouraged to volunteer.
- Families joining after January 31 of the current year will have their service points prorated and reduced by the corresponding number of points per month.
- Half service points can be obtained by volunteering at PSC away swim meets.
- Volunteer service activities include officiating and administration, PSC facility support (snack bar, team shop, etc.) and PSC team support (team parent, activity coordinator, etc.).
- Sign up for volunteer service both online prior to scheduled events or at the meet in the Volunteer Sign Up Book which will be located at the Clerk of Course table.
- The intent is to achieve full participation by PSC families. Accommodation will be made for those families that have mitigating circumstances preventing them from reaching the full-service goal. For those families that elect not to participate, you may be assessed a fee of \$2 per service points not to exceed \$1100.

The program will be in effect for January 1 – December 31, 2026. The program will be added to the PSC website. If you have any questions regarding your volunteer participation, please contact Sandy Lee at [slee@phoenixswimclub.org](mailto:slee@phoenixswimclub.org)

## **FAMILY PARTICIPATION PROGRAM**
