

Inclement Weather Policy:

Arizona Dolphins (AD) will use Groupme and possibly a mass team email/text to notify members if the pool closes due to weather. A coach will stay at the pool until the last athlete is picked up if this occurs during practice hours. Please make sure you are always checking your email/texts and Groupme app in case of weather reports (especially during Monsoon season). You can also call the Center on Main **623-399-9001** to check if the pool is closed due to weather. We will have all the athletes inside the Center or on the back patio if we just have a delay (30 minutes) but practice is not called off.
