### **BCS Google Calendar Instructions**

1. Please try and use a computer to sign up for the team's Google Calendar. It is much easier on a computer than on your phone. Once you sign up to the BCS calendars you can use your Google Calendar App on your phone and will not need a computer. (You can try to do all this on your phone but results are not guaranteed)
2. On your computer make sure you are logged into your Google Account.
3. Go to the list of [hyperlinks](#) attached at the bottom of this file and click on the right one(s) for the Group(s) you want to sign up for.
4. These hyperlinks should enable you to add the BCS practice calendar to your personal Google Calendar.
5. To see the BCS calendars you *may* need to click on the upper left corner Main Menu button (three horizontal lines stacked on top of each other).

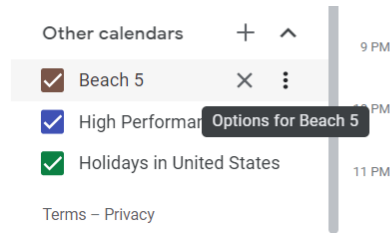

6. And then go down to the BCS Calendar(s) and click the check box next to them to see them.

### **More advanced topics**

1. **Get emails when an event has been updated**
  - a. On your computer click on the upper left corner menu button and scroll down to the BCS Calendar Group you want notifications for. Click that group and click the three vertical dots.

- b. Then click on Settings. Click on Other Notifications. On the line that says “Changed events” change “None” to become “Email”. You should then get emails when an event is changed on the Google Calendar.

## 2. You prefer to use the default iPhone Calendar App

- a. You will need to follow all the instructions at the top of this page to get the Google Calendar set up first
- b. Then, on your phone, click on your iPhone Calendar App and then click on the word “Calendars” at the bottom middle of the screen. If your Gmail Calendar is not linked to the iPhone Calendar yet, you need to click on the “Add Calendar” located in the bottom left corner. Click on Add Calendar and then follow the prompts to add your Google Account.
- c. Once you have successfully added your Google Account to your iCalendar you will need to click on this link (this link will allow you to click on the BCS shared calendars so that they show up on your iPhone Calendar. :
