

Why do I need to join USA swimming?

USA Swimming is the governing body that oversees age-group and Senior level swimming in the United States. In order to compete in the meets we attend, you must be a registered member of USA Swimming. As a member of USA Swimming you are also insured through their policy in case of injury at any swim team related activity (workouts, practice etc). **You must join, there are no exceptions.** There is annual fee to join that we access every year in the fall.
