

TCA enlist carded USA coaches and/or officials to put an adult at the entrance of the locker rooms and act accordingly in case of any misconduct. If a behavioral or misconduct issue arises, these are the steps to be taken

1. Interact immediately if misconduct is present before, during or after practice and hosted swim meets
2. Conduct an "interview process" with parties included
3. Dependent on seriousness of offense, place a "locker room ban" or warning, temporarily or for a more significant time. Decision to be enforced after discussion
4. Notify parents of athletes on decision and explanation of offense. Set up an in person meeting or zoom as deemed necessary
5. After a "ban" has been lifted, reevaluate and reinforce locker room guidelines and rules
