

FOR IMMEDIATE RELEASE

Golden Horseshoe Aquatic Club Selected as Youth Competitive Swimming Provider for the City of Burlington

Burlington, ON – 2025-06-30 — The Golden Horseshoe Aquatic Club (GHAC) is proud to announce that it has been awarded the contract as the **official youth competitive swimming provider for the City of Burlington**. This exciting development will allow GHAC to expand its year-round programming and further its mission of making **fast swimming fun** for athletes across the region.

“We’re thrilled to be returning to City of Burlington pools and to grow our GHAC family in such a vibrant and active community,” said **Grey Fairley, Head Coach and CEO of GHAC**. “This is a significant step forward for our club, and we are committed to delivering high-quality, inclusive programming for new and returning athletes alike.”

GHAC is especially focused on welcoming **existing competitive swimmers** who are impacted by the change in providers. “We understand that this transition represents a big shift,” Fairley added. “We’re here to support athletes and families through this process, ensuring continuity, stability, and a positive experience for everyone involved.”

For **new swimmers joining GHAC for the first time**, the first step is to attend a **tryout and assessment session**. These sessions help place each swimmer in the program that best supports their development and goals. Assessment dates and registration details are posted on our website.

Behind the scenes, our GHAC team is working diligently to finalize **registration packages**, program details, and staffing plans. More information will be released as it becomes available.

In the meantime, GHAC encourages any families with questions to reach out via email at office@ghacswimming.ca.

The club looks forward to building on its tradition of excellence while expanding its reach in Burlington and continuing to provide a **welcoming, high-performance environment** for swimmers of all levels.
