

## 2023-24 Group Assignments

Following a couple of adjustments in previous seasons, we have made a more significant change to our group structure for this year. With the success of combining the Jr. Provincial & Provincial groups last year, we will be continuing with a 4 group team structure. We do our best to match each swimmer to the right group based on a combination of swimming, social and environmental factors, but we may contact you about potential changes before or at the start of the season. **All competitive groups will have a lead group coach and assistant group coach except Jr National (smaller group size).**

We have two primary move up windows during the season, corresponding with the end of the Jr Horns Fall and Winter sessions (December and April). Most group moves will be at these times, but consideration is given throughout the year for swimmers showing a better fit in another group. Please, if you have any questions or concerns about your swimmers placement contact Head Coach peter.schori@uleth.ca

Returning Jr Horns not on the Olympic Way list should register according to their last report card - Blue, Gold or Olympic Way.
