**WELCOME TO THE SWIMMING CANADA E-LEARNING SYSTEM**

Important: Please read the following instructions before starting an eLearning module:

1. Click on the STATUS button to see the full list of eLearning modules. Each eLearning module will take about 30 minutes and includes activities and a quiz to test what you are learning. The eLearning module includes audio, so please don't forget to turn up the volume on your computer or tablet. If you are using a smartphone, please ensure the mute button or ringer is set to "on". Please note that if you are using a tablet, you may be required to download an app (ex: Articulate Mobile Player) in order to play the eLearning module. We recommend that you have the Swimming Canada rule book available to reference or research whether it be in printed format or online.
2. If you would like to begin taking the eLearning module, please click on the ENROLL button.
3. The eLearning module will appear under SESSION. You have the option to complete each eLearning module over one or more sessions. The eLearning module will automatically start where you left off. Please note that you can only resume an eLearning module on the same electronic device and in the selected language.
4. Once you have registered for an eLearning module, the STATUS section will show that you are ENROLLED and IN PROGRESS. Once the eLearning module is completed, a green check mark will appear under COMPLETED and you will now be listed as QUALIFIED.
5. Once you have completed the eLearning module, please click the FINISH button on last slide in order to complete the eLearning module. Once the FINISH button is clicked, your Swimming Canada online registration system account will be automatically updated. Your account will show that you have completed the eLearning module.

We invite you to consult the [Swimming Canada Officials Certification Pathway](#) to understand the next steps in your certification process.

If you experience any issues or require assistance, please email [education@swimming.ca](mailto:education@swimming.ca).
