

MASTERS ATHLETE OF THE MONTH

DANIEL RAISSI

The club is thrilled to announce Daniel as our Athlete of the Month for January within our Masters programming! Again, this honor is awarded to only one athlete out of all the masters within our programs across London, St. Mary's, and Stratford in recognition of their notable efforts in and around the water.

Daniel has been selected as our Masters athlete of the month in recognition of his quiet leadership during training, his noticeable improvement in technique and skill execution in water polo, and the continued assistance Daniel has been providing to our younger athletes since joining our club. Daniel's ability to always put a great effort forth in the water, continually help to lift the performances of others around him (whether younger or older), and play fair as one of the most sportsman like player's in the water are just a couple more reasons why he has been chosen as our athlete of the month this January!

Knowing that your hard work and positive influence within our club is something that has not gone unnoticed Daniel hopefully brings you much pride! Additionally, we hope you remember Daniel to always aim higher than you think is possible because you are capable of many great feats far beyond what you may imagine... Never stop working passionately towards that which brings you joy, as it will make your journey through life more fulfilling... And ensure to care deeply about what you do as well as believe in because when you stumble in life or when you're knocked down (and it will happen more then once) you will be able to keep faith and you will be able to get right back up with more determination and strength because the only words and thoughts that truly can take you to new heights or the lowest of lows is that which you allow within your consciousness.

Please join us in congratulating Daniel on this well-deserved recognition! We wish you continued success both in and out of the water, and we hope you enjoy a treat of your choice with your \$15.00 cash award on us to celebrate this achievement... And hopefully many more to come!
