NCSA Team Gear Update

The team gear that you will receive with your registration will be handed out as soon as I receive the team caps with your swimmer's last name. I am handing the equipment out all at once for logistical purposes.

If you wish to order another suit, extra caps, etc. please email ncsa.equipment@ncsaswim.ca

All items have been sent out for delivery and I am very optimistic they will arrive prior to our first competition. I will deliver the gear to your swimmer at their workouts and updates will be provided as needed.

Engaged parents translate to engaged athletes. All families are required to belong and participate in a committee.

Parents are an essential member of the athlete support network as athletes take their lead from parents and often mimic or copy parental attitudes and behaviours.

If you do not sign up for a committee, you will be appointed to one.

“If you look at any superior athlete, you will find a strong parental influence. Parents introduce their children to a sport, and then they support them.”
