

## The story of Paseo Aquatics, "A decade in the making", part 1.

In 2012, Jay Wolf crossed paths with Chris Dahowski at a small tennis club in Valencia CA, when Jay asked Chris to coach his daughter in swimming. With little understanding of what this could become, Chris said "Yes." So, in a small, 6-lane, 25-yard pool with no starting blocks, no backstroke flags and just a block of water, Paseo Aquatics was born. Twelve years later, Paseo Aquatics has grown from a local community program to being ranked by USA Swimming as one of the top 100 clubs nationally.

To all our donors: None of this would have been possible without your financial support. Every dollar donated has had a direct impact on the lives of young boys and girls growing up through the sport of swimming. Thank you for believing in our Mission.

We would like to share with you the growth of Paseo Aquatics and the critical recognitions it has earned through the years starting in 2012 with just 3 swimmers.
