APT For 18+ Swimmers

Swimmers approaching 18 are required by USA Swimming to complete the APT (Athlete Protection Training) class. If this class is not attached to their USA Swimming member record, they will not be allowed to compete.

Do NOT take the APT class attached to the USA Swimming Safe Sport web site. It will not be attached to the swimmer member record and will not count.

When the parent registers a swimmer with USA Swimming, they will create a USA Swimming account. They will then create member record(s) for their swimmer(s). Each member record will be assigned a Member ID. **This Member ID can be found in the USA Swimming member record and also in the Team Unify member record (ID Card #).** This number is now randomly generated by USA Swimming and looks similar to “D79C36D269F548”.

To begin this procedure the swimmer will need their Member ID and the link to their team hub for USA Swimming. The parent will need to provide this info to the swimmer.
