

VICTORY CAME TO WIN

I can only control my own performance. If I do my best, then I can feel good at the end of the day. (Michael Phelps)

We brought 58% of our team to the Fontana Veteran's Day BRW swim meet. We didn't come to swim, **Victory came to WIN!** Talk about PERFORMANCE! Victory's performance exceeded every expectation. Our swimmers should feel really good at the end of the day.

RISING STAR

Orion Castro, Age Group, had an incredible meet. He swam the 50 breast for the first time and won 1st place, a **TEAM RECORD**, and picked up a **WAG** qualifying time. WRAP UP

Races are not won at swim meets, they are won in practice.

This was far and away the very best performance Victory has ever had. We reorganized for high performance-based training and the results are spectacular. Our fitness / dryland program is exceptional and on a level with National teams. Our coaches are among the best. Our parents are dedicated. That's a winning combination. We are winning the meet in practice. We are putting the Victory name on the swimming map.

Just a note about those swimmers who DQ'd. DQ's are learning experiences for both the swimmer and the coaches. And learning is one of the most important characteristics of high-performance teams.

My number one rule to ask swimmers is (1) did you do your best? and (2) did you have fun? If your swimmer can answer yes to those 2 questions they are also 'winners'.
