Ohio 159 Athletes 596 Events  
Ozarks 59 Athletes 304 Events  
Wisconsin 108 Athletes 366 Events  
Total Athletes 834, 3032 Events

**Facility Notes:**

Rec Plex located at 9900 Terwall Terrace, Pleasant Prairie, WI has hosted a number of LSC Championships, Central Zone Championships and other large meets. The facility itself is a more than suitable facility to host this event. The facility itself has a 10 lane 50m pool as well as a health club, lake, kid pool (with an additional 2 lanes for warm up), fieldhouse and hockey rink.

The MAAPP procedures made things difficult in terms of allowing parents to assist their swimmers in the locker rooms. This was constant feedback throughout the meet.

The only issue with the facility during the meet was timing system related. The host team worked to resolve the issue to the best of their ability during the meet.

**Host:**

The host club worked to put on the event. Their crew was small for a meet of this size and could have utilized more volunteers. Some of the challenges the host faced were hospitality related as they budgeted food and other items off of previous years.

**Sessions:**

Sessions ran on time once they started. The only issues that took place were due to the timing system malfunction.

Award breaks ran smoothly and on time.

**Overall:**

The Central Zone would like to thank PX3, Rec Plex for hosting the 2019 Central Zone Age Group Championship. The Central Zone would also like to recognize Tom Lombardo (Meet Referee), Tim Krull (Administrative Referee) and all other officials for running a nice meet.

Respectfully Submitted  
Jeff Arce
