

Central Zone Open Water 2018:

326 athletes competed in the race. 265 participated in the clinic on Thursday evening (afternoon before).

Blessed with great weather, 75-degree air, 76-degree water. Near perfect conditions.

Zone open water had a great year, with largest meet on record since being a standalone meet... only a 2008 megazones was higher participant-wise at a single site. We continue to have a great turnout at the clinic the afternoon before, with 265 being our highest participation ever. The clinic covers the basics of open water swimming to prepare the athletes for the race the next day (sighting, pack swimming, starts, finishes, turns, tactics and strategy). While the swimmers are in the water doing their clinic, the officials have a training clinic as well... Great Year everyone, looking forward to 2019!

2019 CZ Open Water Dates: Clinic on Thursday PM 6/13; race on Friday AM 6/14
