

HOUSING 101

We are looking forward to welcoming you and your team to our community! The tournament organizer has selected hotel options with great rates and will be requiring all teams to book their team blocks through the FMCVB Housing Department. We have put together some additional information below to help!

STEP 1 View the official hotels and narrow down your top 3 choices.

STEP 2 Submit your completed team block request form.

STEP 3 Share personalized booking link with your team and start booking your rooms.

BOOKING TIPS:

Be sure to click on the amenities and rooms buttons to find the hotel that is the best fit for your team(s).

If you are not the team manager, please be sure you have consulted with them.

Unfortunately we are unable to move hotel blocks less than 60 days prior to your arrival or if/when hotel options have run out of rooms.

All hotels are booked on a first request first booked basis.

Parents will use the personalized booking link to book their room(s) in your team block. Each team block has a cutoff date to make reservations at the block rate. Unfortunately after that date passes we can not guarantee room availability or the block rate offered.
