### POLICIES

1. The publishing of a photograph of swimmer under 18 either on a notice board or in a published article or video recording (including video streaming) of swimming competitions (“publication”) should only be done with parents’ consent.
2. A parent or guardian has a right of refuse to have children photographed. Therefore, any photo that may go to press or on a notice board, be it through a member of the club or official photographer, should receive parental consent before publishing/displaying the photo, preferably in writing. Consent is given at team registration, where you can decline your swimmer’s participation in photo opportunities.

All photographs must observe generally accepted standards of decency in particular:

- **Action shots should be a celebration of the sporting activity and not a sexualized image in a sporting context.**
- **Action shots should not be taken or retained where the photograph reveals a torn or displaced swimsuit.**
- **Photographs should not be taken from behind swimming blocks at the start of a race or exhibit a child climbing out of the swimming pool.**
- **Photographs should not be taken in locker-rooms or bathrooms.**
