DEAR COMMUNITY PARTNER

Thank you for considering sponsoring the Pueblo Swim Club (PSC). The success of our club is a direct result of the generous support of dedicated volunteers and sponsors within our program and our community. As a non-profit club, we rely on fundraising activities and sponsorships throughout the year, to allow us to provide the best swimming lesson and competitive swimming program for children in our area. When you invest in the Pueblo Swim Club, you are investing in the lives of our swimmers, helping us to uphold our tradition of excellence.

WHAT YOUR SUPPORT MEANS TO US

- Building our Dolphin Assistance Program (Scholarships for low-income athletes)
- Team Equipment
- Operational Costs (Facility & Staff)

ABOUT THE PUEBLO SWIM CLUB

The Pueblo Swim Club provides aquatic programming to individuals ages 3 and up. We offer a Learn to Swim Program (LTS) designed to teach basic water safety and swimming skills. As swimmers progress from the LTS Program, they have the opportunity to join our Pre-Competitive Program. A 100% technique based training program to hone swimming skills to a competitive level. Our Competitive Swim Program provides a mix of technique and cardio work to advance our swimmers to a level ready for local, regional, state and national competition. Our members are in the water 11 months out of the year, training from two to six days a week, depending on their level.

PSC welcomes all sponsorship opportunities. We are very open to creative ideas and will work with your organization to provide adequate recognition for your contribution.
