ALL OTHER
MINNESOTA
LSC-REGISTERED
TEAMS NOT LISTED
IN AA or AAA.

ALL "OUT OF
LSC" TEAMS

- For the 2023-2024 Short Course and Long Course Championships, the 2022-2023 Virtual Club Championship (VCC) Ranking System was used to determine placing for each team. To determine these rankings the USA Swimming Star Times Data Base is used in combination with the Hy-Tek Single-Year Age Group Power Point system. The program scores single age groups from 11-16 years old and has a combined 17-18 age group. VCC Scores measure teams over the entire year, versus the previous Minnesota Swimming system of a team's placing the year before. This is a fairer way of determining strength of team versus a previous State Championship that a team may or may not have attended.
- Standings will remain the same for the entire year.
- New clubs joining the LSC will be placed into the "A"
