Job Sign-up Process F.A.Q.

Q: Where is the sign-up page?
A: Click the "job sign-up" button next to the event. See guide.

Q: How do I sign-up?
A: Click here for a how-to guide

Q: Is it okay to sign-up for a handful of jobs and then decide later what I will do?
A: Please do not do this! Blocking off jobs you have no intention of doing results in scrambling for volunteers later AND prevents people who may only be able to do that specific job from selecting it and meeting their requirement!

Q: If they agree to it, can another CW family cover my job requirement share?
A: Yes. In this scenario, please register for the job under YOUR account. Then send an email to the Meet Director (and cc the other family) for confirmation.

Q: Can a neighbor, extended family member, or friend work my job for me?
A: Yes, provided they meet the job age requirements.

Q: If my swimmer works a job, does that count towards meeting my requirement?
A: Yes, provided they meet the job age requirements.

Q: Is it alright if I bring my young child with me to do my volunteer position?
A: Volunteers should not bring their child to their volunteer job. If you do not have child care during the times you are able to volunteer, please contact the Meet Director for details on which jobs would possibly be okay to have your child with you.

Q: What are the hour/session requirements for this meet and/or the year?
A: The only requirement we use is the number of jobs stated for each meet. The number of jobs required for a meet will be communicated by the Meet Director

Q: Can I just pay the fee?
A: Yes, but we STRONGLY prefer to have you volunteer. We need the manpower way more than the fee. If you cannot find a job that works for your availability, we encourage you to reach out to the Meet Director for assistance.

Q: What is the fine for not completing my job requirement?
A: $200 per incomplete job.

Q: I am getting emails saying I didn't sign-up for a job, but I swear I did. Why is that?
A: Chances are you did not save your job, or the job you picked was selected by someone else before you saved your selection. We recommend reloading the page after selecting a job to

confirm it saved. Please do not ignore these emails and assume you correctly saved your selection!

Q: The job deadline has passed, but I forgot to sign-up. What should I do?
A: Look at the remaining available jobs and determine which one you can do. Then send the Meet Director a request for a manual sign-up for that job.

Q: I can no longer do a job that I signed up for. How do I remove it?
A: Prior to the sign-up deadline: Locate the job you would like to remove. Select the check box next to it. Scroll to the top of the page and select "remove sign-up." Save by clicking “OK.”

Once the deadline passes: At this point, only the meet director can remove your name. Please note that once the deadline passes, you are responsible for the completion of that job.
