

Williston Sea Lions Photography Policy

The Williston Sea Lions (WSL) swim club has adopted a model photography policy consistent with USA Swimming’s Safe Sport Program. For the purposes of this document, “club” in this policy refers to the Williston Sea Lions swim club.

1 PURPOSE

There has been much talk about whether it is safe to have images taken of children participating in sports. While the great majority of images are appropriate and are taken in good faith, it is a fact that images can be misused, and children can be put at risk if common sense procedures are not observed.

2 WSL POLICY

- The publishing of a photograph of swimmer under 18 either on a notice board or in a published article or video recording (including video streaming) of swimming competitions (“publication”) should only be done with parents’ consent per the attached form.

- A parent or guardian has a right of refuse to have children photographed. The exercise of this right of refusal cannot be used as grounds for refusing entry into a swimming competition. Therefore, any photo that may go to press or on a notice board, be it through a member of the club or official photographer, should receive parental consent before publishing/displaying the photo, preferably in writing. The form allowing parents to indicate refusal of consent can be found at the end of this policy. In addition, the photography consent form is part of the WSL club registration.

In the case of open meets and other competitions where the host club has an official photographer present, WSL shall provide notice to all club members attending the event. Notice shall be provided through club communication or through other means available such

as email, meet programs, or verbal notification. If photos are to be published anywhere, the

individual member should be given the opportunity to withhold their consent. Their right to do so should be specifically drawn to their attention.

All photographs must observe generally accepted standards of decency in particular:

- Action shots should be a celebration of the sporting activity and not a sexualized image in a sporting context.
- Action shots should not be taken or retained where the photograph reveals a torn or displaced swimsuit.
- Photographs should not be taken from behind swimming blocks at the start of a race or exhibit a child climbing out of the swimming pool.
- Photographs should not be taken in locker-rooms or bathrooms.

3 PHOTOGRAPHY BY OTHERS

WSL shall make every effort available to ensure that all members are aware of the generally accepted standards. WSL shall not be responsible or held liable for photography taken by non-members. This includes other swimming clubs, their members as well as, any other non-members who may or may not be familiar with this policy and the generally accepted standards.

Williston Sea Lions Swim Club may wish to take photographs (individual and in groups) of swimmers under the age of 18 that may include your child during their membership in the club. All photos will be taken and published in line with club policy. The club requires parental consent to take and use photographs.

Parents have a right to refuse agreement to their child being photographed.
