

Safe Sport Pre-Meet Risk Assessment

Use this checklist in your pre-meet meeting to ensure that all individuals are aware of the potential risks:

- ✓ How many entrances/exits to the deck are there? Are they being monitored?
- ✓ What other events are taking place at this facility today? Are they sharing our space or locker rooms?
- ✓ What is the age range of the swimmers? Should there be a designated area for younger swimmers?
- ✓ Who is the designated person to receive information regarding any suspicious behavior or misconduct?
- ✓ What is the course of action for deck changing?
