

2024-10-22 Tech Planning Committee

Attendance: Amy Balducci, Angela Monty, Chris Wills, Michael White, Cheri Zimdars, Meghan Olson, Shane Ryan, Jillian Kneisler, Jay Tomasiewicz, Megan Oberstadt, Blaine Carlson

Topic	Notes & Things to Remember	Action Items
SAS event change	Move 100 IM from event 74 (after 50 fly)...put after 100 back (after event 70)...award break after	Voted to change event order
10 & U State	Suggestions: 2 warm-ups 2 x 20 min warm-up and 15 min for starts 10:30 start time (Saturday) 9:00 star time (Sunday) Deck passes / credentials: must be handed out to all athletes and coaches Order of events: Breaks: after relays (5-10 min) Awards break: every 2 sets of events Break time: dependent on timeline We need to keep the state meet a semi-automated system for all events (including 25's) 500 awards will be awarded at the end of the meet	Tech planning committee finalized changes-vote passed by majority
11-14 State	Timed finales for 11-12 event 200 and longer = top 8 are in finals	Unlimited relays-bring up at CAC meeting Rule and format changes approved by majority

	We need to support a timeline that will speed up finals and slow down prelims Have breaks listed in the meet information Warm-ups 2 x 25 min sessions, 15 min for starts, 5 min break (total=65 min before meet starts) Unlimited relays? Should we allow at 11-14 meet? Do we look at consistency between this meet at 13 and O meet in the summer? Proof of time-Rick is bringing up new wording Allowing downseeding for all events - must be done by event scratch deadline	
Senior State	Tech Planning Committee reviewed new proposed meet event orders Keep the 50's of stroke - popular with the coaches and swimmers Do we have less heats for finals? Do we change protected final heat to 15-16 only (not 16 and U)? Recommended warm-up: 3 x 25 min sessions (rotated), 15 min open, controlled warm-up (95 min after) - warm-up lanes will be assignment by meet host	Event order will be discussed at the next meeting Prelim / finals for distance events to be brought to CAC meeting Rule and format changes approved by majority

	Down seeding: Prelim / finals top 16 or top 16 in finals for distance events? Bonus events: everyone gets up to 4 (keep the same) Event order: to be discussed more at the next meeting -initial discussion: relays first, distance events to be mixed within meet schedule Break suggestion: after relays and every 2 events
