OFFICIALS: *Judy Sharkey, NJS Officials Chair*

- The OTS System for officials for USA swimming shut down as of Sept. 1, 2022. The committee is in the process of setting up a temporary system to track meets worked by our officials. The new registration process for officials is beginning to show a positive result after a difficult start.
- We are offering S&T classes for both new and recertifying officials. The list is on the NJ Swimming web site. Additional classes will be listed shortly.
- As of June the committee has begun to use a level system for our Meet Referees. Level 1 may work one or two day timed final meets and level 2 may work prelims/finals meets of longer duration.
- Our new Mentoring Committee headed by Val Gibson is having exceptional results for our new Chief Judges, Starters and Referees

NJ SWIM OFFICE: *Stephanie Crofton*

SWIMS 3.0 has been a work in progress. We have been trying to keep all our NJS members up to date on updates. Many issues in the beginning but it is starting to clear up a bit. The office still spends a lot of time walking individuals through the process.
