

New Jersey Swimming COACH Division Reports

COACHES DIVISION
SENIOR COACH REPRESENTATIVE Sari Carroll / Eric Harse
CLUB DEVELOPMENT
SAFE SPORT COMMITTEE

SR / JR COACH Representative:

Sari and Eric have been working to bring the coaches together with some ZOOM meetings. Attendance has been low, but everything starts somewhere.

We plan on having COACHES COFFEE MEET – On Gold Championship weekend, details TBA

We have requested a small coaches token of appreciation” from NJ Swimming, that we plan to give out and use to network at the championship meets.

Coaches feedback consensus:

- Meet information is still coming out too slow, how do we fix this • Do we need to wait until events are sanctioned, to post dates?
- Planning Calendar would be helpful
- Still no championship meets
- Officials committee/ coaches committee dialog
- Monthly Newsletter
- Lack of officials/especially refs
- More officials training throughout the year

CLUB DEVELOPMENT: The committee position is unfilled. I have someone in mind and would like to discuss this at the meeting.

SAFE SPORT: **Marlene Curtis**

From USA-S Safe Sport Club Recognition Program Relaunch:

With the launch of the new SWIMS database, we are excited to provide greater transparency in your club’s progress to achieve approval in USA -S Safe Sport Club Recognition (SSRP) program.

Starting Nov 7, 2022, the SSRP program launched with new & exciting features, including the ability to track names of club participants who have completed SSRP training online, a more seamless & user-friendly application process as well as maintaining all future growth as information will not be erased each year. In addition, both a club admin & the club’s Safe Sport Coordinator will have access to the program dashboard. These roles can be assigned during the clubs registration or afterwards in the portal.

Please be patient with the launch of these new features. This will be a new & exciting time for our USA-S member clubs who are either starting the SsRP application process for the first time or renewing. However, we do expect a larger than average amount of USA-S member clubs to submit for approval. These enhancements will help USA-S member show their commitment to going above & beyond, and we want to provide the best possible experience and guidance for your club’s Safe Sport Recognition approval. Currently we are expecting a 30-day turnaround in the approval process.
