

NJ Board of Directors – Athlete Report

7/17/2023

Hope everyone is having an amazing summer. Just wanted to reach out to everyone and give a quick summary of what the athletes are working on. Currently, we are in the crunch time of long course training so we have not been keeping a full hands-on deck, nevertheless once our summer swim season is over, things will start to quickly pick up. Right now, we are trying to recruit as many athletes for the athletes committee as we possibly can. Although we have about 40 kids who are in the group chat that Alessandra and I have created, we have at most 5 kids who are attentive and want to participate. This being said, I plan on sending out an email to all NJ coaches about their swimmers joining the athletes committee. This email will be sent out sometime this week and hopefully we can get some more kids to join. With these athletes that we have potentially recruited, we will be able to start more projects and get more people to help support and attend. If anyone has any questions or tips for this process, please let me know and I would love to learn more!
