COACH'S BUBBLE

Well, the summer schedule has begun. It is great to see so many young swimmers on the pool deck each day. Let's keep growing the team. Ask your friends to come try out. There is no better sport for physical conditioning at a young age.

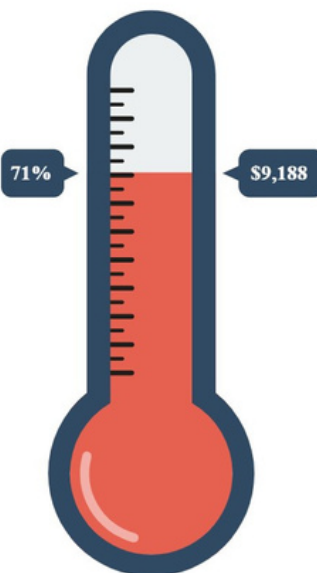

Congratulations to the Ekk family of swimmers for their performances at the recent Canadian Olympic Trials. Ethan Ekk qualified for the Canadian Junior National team and will be competing in Canberra Australia in August at the Junior Pan Pacific Championships.

Congratulations to all swimmers who helped the ATAC team finish as the second place team at the Sunshine State Games. It was not the full team participating, so that was a great showing.

We are looking forward to the remaining meets on the summer schedule including summer league meets, the ATAC long course meets, and the championship meets in July. Thanks to all the parents who help us put on these meets. They are a very important part of the process of swimmer development.

-Coach Terry

GOAL: \$13,000
