Steps to Becoming a Safe Sport Recognized Club

NOTES: The Club Administrator (or someone with the Administrator's login information) will need to complete these steps because you need to log into the club portal. Have electronic versions of all club codes of conduct, policies, handbooks, educational programs, and the website available. You will be asked to attach and/or cut-and-paste certain portions of these materials. And they will check them. If you need examples of model policies, etc., go here: https://www.usaswimming.org/articles-landing-page/2017/10/27/safe-sport-model-policies. You will also want to ensure that these materials (along with the Safe Sport Best Practices and your clubs reporting procedure) are available on your club's website.

- 12. Indicate the "ownership type" appropriate for your club, and hit "continue"
- 13. This will pull up a large chart with various checkboxes

- 14. Each checkbox is worth a certain value of points. Certain items (left column) are required; while others (right column) are "additional." Your club will need to complete all of the required items, and at least some of the "addition" items in order to get enough points (44.10) to qualify for recognition.
- 15. Begin clicking on the checkboxes and entering/attaching/pasting the information requested.
- 16. The biggest hurdle you will likely find is satisfying the "Online Safe Sport Education for Parents / Athletes" requirements. You must have at least 10% of your parents/athletes complete this step to earn the minimum required point. This step is like herding cats, because in order to gain credit, the person taking the course must be logged into the USA Swimming Learn Portal. Detailed instructions to enter the learn portal and access the Safe Sport Education courses are provided below. Alternatively, you can give a presentation where you play the courses for large groups of athletes/parents. Keep a list of people that attended the meeting, and submit that list of names to USA Swimming's Education and Curriculum Manager, Maggie Vail at <u>mvail@usaswimming.org</u> (Please be sure the identified people actually participated).
- 17. Once you have entered the requisite information and receive sufficient points (more than 44.1), click "Request Level Certification."
