

DASH Work Session Policy

- Each family is required to work a certain number of work sessions, depending on which swim group your most advanced swimmer is in.
- Work sessions are offered during our home meets and can be signed up for on DASH's website. You will receive an email when the job sign up is available on line.
- The job sign up page will show the number of work session credits you will receive for that job.
- Meets will have two or three sessions per day lasting approximately four hours long.
 - Available work sessions are scheduled in either 2 or 4 hour increments.
- A team credit of \$25 per session, once required work sessions have been fulfilled, up to \$100 per season, can be earned for Officials and Computer Operators once certification is complete.

Work Hours required and Penalties

The number of work sessions required is determined by the group your most advanced swimmer(s) is in. Requirements are per family not per swimmer. For example, if you have a Gold swimmer and a green swimmer you are only required to work the Gold work session requirements not the Gold plus Green session requirement.

While the majority of our families do the work sessions they commit to, there are some who do not. We therefore have no choice but to assign penalties for jobs not worked.

1. If a worker signs up and does not show, the penalty will be \$100 fine applied to your account for the billing cycle immediately following the meet. If a true emergency arises, you need to find a substitute or, if it is too late, call the administrator listed on the job sign up page.
2. If families do not satisfy their work session requirements by the end of the season, they will be assessed a \$100 fee per work session not fulfilled.

We will work with you to help you find ways of fulfilling your work session requirements. Please reach out to us *early* and do not wait. Please remember that we prefer to have your time and not your money!!

If you have extenuating circumstances that will not allow you to fulfill your work sessions please email a DASH board member.

- Go to Team Info tab, subtab Work Sessions on the DASH Website to see your work session requirements for the season.
