August 5-8 Maui, HI Summer is moving SO fast! Alcoa Starlight is next weekend (Thank you very much Alcoa!) and Champs is two weeks after that. The following week, we send swimmers to Gresham, OR for the SPEEDO Sr. Sectional meet. Then at the beginning of August we have Sr. Zones, Futures Championships, and Age Group Zones. We have swimmers expected to go in each of these summer culminating meets. It is exciting to see all of our Velocity Swimmers achieving times for these prestigious USA Swimming competitions.

The Alcoa Starlight meet is the last chance for our swimmers to qualify for Sr. IES Champs, Sr. Zones, and Futures. The IES Champs meet is the final opportunity to qualify for Age Group Zones in Maui, HI. The swimming should be excellent over the next few weeks as the swimmers strive to meet their goals.

For Champs, we like as many of our team members to go and commit as possible. Last year, our team won the LC Championship for the first time in over 40 years. We look to once again be a front runner but the competition from SWAT and from TCCC will be very good as they look to take back their previous dominance. All swimmers on our team are eligible for at least some events (50's) at Champs as long as they have swum the event legally in a short course or summer meet. In all other events, "B" USA Swimming motivational standards are used for qualifying. Book your hotel rooms now as Spokane is a busy place in the summer. Please keep in mind that it is an expectation that when swimmers qualify for upper level competition, that they do swim in the meet. This helps our team visibility, camaraderie, and spirit.

Sr, Zones will once again be in Clovis, California just outside of Fresno July 28-August 2. While not the marquis destination, the facilities in Clovis are top notch. The new Futures Meet will be held in Gresham, OR. July 30<sup>th</sup>-August 2<sup>nd</sup>. And finally, the much anticipated Age Group Zone meet in Maui will be held August 5<sup>th</sup> through 8<sup>th</sup>. This meet is an IES All-Star Meet with assigned IES Coaches and chaperones.

August 8<sup>th</sup> will be our last day at the City Pool and we will switch to a modified Monday through Friday schedule back at EYAC until school starts. We encourage our swimmers to take the remainder of August as a time away from swimming to the extent possible and practices are designed and scheduled merely to maintain a swimming fitness level. Once school starts in September we will be back at the newly remodeled WHS pool as well as at EYAC.

In case you missed it, the WHS pool is getting a major facelift with increased pool depth, new modern competition gutters, new deck drain system, new non-skid deck coating, new depth markings, a handicapped lift, a new diving board along with stand reconfiguration, new starting blocks, and new touch pads. We look forward to a more modern feel to one of our important homes.

Watch the calendars as they become available for specifics on scheduling etc. Planning is already underway for the 2015-2016 swimming year and I hope it will be as exciting as this last one has been! Velocity HAA!
