

REACH for Safety is a program that ensures the continual safety of its members including swimmers, coaches, and parents. The program has five components: Athlete Code of Ethics, Anti-Bullying Policy, Electronic Communication Policy, Coaches Code of Conduct, and Parent Code of Ethics.

If you or someone on the team has been bullied, please report it immediately by emailing coachmon71@gmail.com. All reports will be investigated by the Owner and reviewed by the Team Manager. All possible conflicts of interests will be excused from the investigation and passed on to a party to be named at the time.

All rulings will be emailed to all parties involved which will include the findings, ruling, and appeal process.
