

2025-2026 Swimming & Diving

Qualifying Standards

2025-2026 STATE FINAL QUALIFYING STANDARDS

State Swim Qualifying Standards are determined in the following manner. The Qualifying Standards for each individual swimming event will be calculated by determining the 36th place time from all sectionals. That time will then be used to obtain an average of the last THREE years' average times in each event. In relay events the same process will be implemented but the 30th sectional place time will be used to make the calculations.
