

The Jasper Aquatic Wildcat Swimming is celebrating its 33rd year of supporting the local youth in their efforts in swimming. The parents and coaches are dedicated to providing a top quality program for these young athletes to develop and grow. The JAWS swim program provides a safe environment for all swimmers, from the beginning swimmer to the highly competitive swimmer. Our mission is to support our area athletes by increasing their self-esteem, promoting a sense of team pride and belonging, and giving them the opportunity for improving physical health.

The parents help support the JAWS swim club by volunteering, fundraising and providing fun activities for the athletes. However, with the rising costs to support the sport of swimming, the JAWS swim club would like to ask for your help. JAWS is a not-for-profit swim club that in our continuing efforts in providing this valuable program for the Jasper community, would like to reach out to you and ask for your assistance. To help us meet the needs of programming, equipment and coaching staff, we are asking for your commitment in helping sponsor a program that focuses on developing the competitive spirit, pride and character of our youth.

Below is listed four different sponsorship levels that are available for your consideration. Your support and assistance in helping JAWS provide a quality swim program is greatly appreciated.

Thank you for your consideration.
