

Outreach Program

USA Swimming has approved a new registration fee; the cost of youth sports is expensive and USA Swimming hopes with this program, more children will be able to participate in the sport of swimming. The program reduces the fee an athlete pays to National Headquarters for membership from \$72 to \$5. Each LSC, ours is Indiana Swimming, determines how they will qualify athletes for Outreach Membership. Ways of qualifying are:

1. School Assistance
(School letter sent home to family upon school corporation application process.)
2. Hoosier Healthwise Insurance Card Copy
3. WIC Card Copy

If you qualify, please have someone at your school sign and verify your qualifications. If you do not qualify, but know someone that does, please pass on this information. All information will be kept confidential. Signed Outreach forms must be turned in one week after receipt. The deadline to take advantage of this program is September 30th, 2018.

Thank you,
Piranha Board of Directors
