CLUB INFORMATION

- Shutterfly is shutting down their free Share Site program as of March 27, 2023. An effort is underway to copy all existing albums from the current Share Site to a new account which will be registered to the club. As part of this process, however, it has been observed that not all images seem to carry over in the copy process (e.g. an album with 200 photos may only copy 190 over to the new album). We wanted to bring this to your attention with a suggestion that if you'd like to ensure a specific image(s) is preserved beyond the March 27 cutoff for the current Shutterfly Share Site page (<https://noblesvilleswimclub.shutterfly.com/>) that you save the photo(s) to your personal machine/device now.
- Tell all your friends! The Noblesville Swim Club plans to have new swimmer evaluations on April 10-11 from 5-6:30 p.m. at Noblesville High School.
- We have a small inventory of our "N" team shirts available. If your swimmer is in need of a replacement, please let one of the coaches know and they can help you purchase one!

FUN SWIMMING FACTS

- Flippers were invented by Benjamin Franklin in the 18th century.
- Dara Torres is the oldest swimming olympic medallist. At the age of 41, she earned a silver medal at the Beijing Olympics as part of the 4 x 100 freestyle relay.
- There is a world record for "most people crammed in a swimming cap"! Team Badekappe (Germany) set the record in 2015 after cramming 4 people in a normal size swimming cap after it was stretched underwater.

COACHES CORNER

This month we are going to introduce one of our new Swimmer Representatives - Emily Knott!

When did you start swimming?

I started swimming when I was 8.

What is your favorite event/stroke?

My favorite stroke is butterfly.

What is your favorite thing to do outside of the pool?

When I'm not in the pool I like to read and listen to music.

What is your favorite subject/class at school?

My favorite subject is math.

Why did you want to be one of the swimmer representatives?

I wanted to become an athlete rep so that I could bring a voice from the swimmers to the adults, and also so I could see what all goes on behind the scenes of such a great program!

What advice or tips would you give to the younger swimmers about swimming?

Some advice I would give would be to just have fun and don't take it too seriously, the more you choose to cherish the little moments, that most of the time aren't even from times or races, you'll be able to look back one day and be proud of what you did.
