The month of October was eventful

Hi everyone,

October started off well with our fundraising calendar photo shoots finishing up.

The 39th Fosters Open Water Swim was on October 11th where majority of our members swam either the 400m or 800m race with good results.

The CBAC Kick off meet was held October 21-22 with unfortunate weather delays and cancellations.

Our overseas swimmers kept dominating in the pool at their respective schools as well as Kyra Rabess representing the Cayman Islands at the Pan American Games.

Our Masters program is growing and we encourage anyone to sign up.

CIASA annual gala was held with our swimmers being recognized for National Teams last year as well as winning awards for their respective age groups (see next page).
