### USA Swimming Broadcast Policy

Any photographs, videotape, or other audio and/or visual recordings of the event created by a spectator may be used solely for such spectator's personal non-commercial use, and may not be broadcast, published or disseminated, or used for any commercial purposes without the prior written consent of USA Swimming.

### Safe Sport

The Safe Sport program is USA Swimming's comprehensive abuse prevention program dedicated to reducing the risk of sexual, emotional and physical abuse to athletes. Components of the program include, but are not limited to, providing education and training, enforcing policies (such as the Minor Athlete Abuse Prevention Policy), rules and best practice guidelines, promoting healthy boundaries and mandated reporting of violations.

Pursuant to USA Swimming Rules and Regulations and federal law, it is every member's responsibility to immediately (i.e., within 24 hours) report any incident of child abuse, including physical or sexual abuse, to law enforcement and the U.S. Center for SafeSport. Reporting must occur when an individual has firsthand knowledge of misconduct or where specific and credible information has been received from a victim or knowledgeable third party. A report to the U.S. Center for SafeSport may be made via telephone at 833-SUS-SAFE (833-587-7233) or online at [www.uscenterforsafesport.org/report-a-concern](http://www.uscenterforsafesport.org/report-a-concern). Various state laws may also require reporting to law enforcement or to a designated child protection agency.

All individual age 18 and older participating in or associated with this meet acknowledge that they are subject to provisions of the USA Swimming Minor Athlete Abuse Prevention Policy (MAAPP) and that they understand that compliance with the MAAPP policy is a precondition of participation in the conduct of this meet. The Minor Athlete Abuse Prevention Policy prohibits adult participants from having one-on-one interaction with minor athletes that is not within an observable and interruptible distance from another adult participant. All adult participants in or associated with this meet acknowledge they are subject to the provisions of the USA Swimming MAAPP, and that they understand that compliance with the MAAPP Policy is a condition of participation in this competition.

All athletes ages 18 and older must complete Athlete Protection Training (APT) to be a USA Swimming registered member in good standing. Any athlete age 18 or older, or who turns 18 during the meet, who has not completed Athlete Protection Training will be prohibited from participating. Times achieved by an athlete age 18 and older, or by an athlete who turns age 18 during the competition, and who competes in this USA Swimming sanctioned event without completing this membership requirement, will NOT count for qualification or recognition. This includes participation as a member of a relay.

The requirement to complete Athlete Protection Training is an annual requirement. USA Swimming membership will be affected if a non-athlete member or adult athlete member does not renew Athlete Protection Training annually.

All U.S. athletes, coaches, and staff expecting to receive a deck pass should be prepared to show proof of current USA Swimming membership. Coaches must meet and have current certifications for all the requirements of coach membership including successfully passing the required background check and APT course.

Recording devices (cell phones, cameras, PDAs, etc.) are not permitted behind the starting blocks during the entire meet.

Use of audio or visual recording devices, including a cell phone, is not permitted in changing areas, rest rooms or locker rooms.

Changing into or out of swimsuits other than in locker rooms or designated changing areas is prohibited.

Operation of a drone, or any other flying apparatus, is prohibited over the venue (pools, athlete/coach areas, spectator areas, and open ceiling locker rooms any time athletes, coaches, officials, and/or spectators are present.
