

LEXINGTON DOLPHINS SPONSORSHIPS

2025 - 2026

The mission of the Lexington Dolphins Swim Team is to foster and encourage youth swimming in Kentucky. For more than thirty years, our staff have run a program to fit swimmers with all levels of commitment and ability; from those with Division One or Olympic aspirations, to multi-sport athletes looking to maintain fitness and compete around their other activities. Our goal is for our swimmers to love the sport and achieve their individual goals. We encourage the participation of all swimmers regardless of race, gender, sexual orientation, or income.

We are a non-profit organization. The annual dues paid by our swimmers cover only a portion of the cost of running the team. In order to keep those fees low, we rely on business sponsorships, donations and other fundraising activities. This allows us to hire and train quality coaches, maintain and update our facilities, and to provide spirit and team building activities for our swimmers. We appreciate your interest in supporting our team through either one of our sponsorship packages below or through a tax-deductible donation.
