Fundraising

Each Central Kentucky Aquatic Family has a fundraising requirement per swimmer. The family will fulfill this requirement by participating in fundraising events, by paying the full amount, or by adding it to your monthly payment of team fees. There will be several fundraising events available to help meet the requirements. All fundraising will be due by March 25, 2024. Any fundraising earned after March 25, 2024, will be credited to your following year's fundraising requirement.

Full Membership Fundraising Fees

Families with 1 Swimmer are required to raise \$250.
Families with 2 Swimmers are required to raise \$350.
Families with 3 Swimmers are required to raise \$375.

Six-Month Membership Fundraising Fees

Families with 2 Swimmers are required to raise \$175.

Additional Expenses

These are expenses associated with membership that include, but not limited to, meet entry fees, apparel, events, etc. Once meet entries have been sent to the host team, an invoice will be generated for those events to your account. Regardless of participation in the meet at that point, you will be responsible for meet fees. If for some reason the host team doesn't charge CKA for those entries that you don't swim, a credit will be applied to your account. If your swimmer skips or misses an event at the swim meet, you still will be charged for that event. Along with meet fees, a \$25 travel fee per away meet will be required for a partial coverage of coaching travel fees during the season. Additional expenses will be invoiced the month following any expense is incurred. Individual invoices will be generated for your review.

Volunteer Commitment

Each Central Kentucky Aquatic Family has a volunteer requirement. The family will fulfill this requirement by volunteering at events such as swim meets, social functions, fundraising opportunities, etc. Families will be responsible for a certain number of volunteer credits during the short course and long course seasons. The number of credits each family is required to earn is based upon the assigned training group of the swimmer. The credit requirements are the same whether you have a full membership or a six-month membership.

- 10 credits for Bronze or Group B;
- 15 credits for Silver or Group A;
- 20 credits for Gold or Senior.

If a family has more than one swimmer, the training group of the highest level swimmer will be used to determine these credits. Families that fail to fulfill this commitment or prefer to opt-out of the volunteer requirement will be billed \$10 per unearned credit at the end of each season. See the Family Volunteer Participation Policy on our website for details on credits and fees.
