

## **Few Frequently Asked Questions Regarding Registration**

**Q: My child participated in the Stroke Clinic, but now wants to join the swim team. What do I do?**

A: Registration for Stroke Clinic is different than registration for the entire year. Please click on “Join CKA” on the CKA Home Page to register for the team. If you select the full-year option, your stroke clinic payment will be credited toward your total team fees. Stroke clinic payments are not counted toward the six-month total team fees.

**Q: If I want to pay in one or two payments to get the discount, how do I do that?**

A: Just send Sam Gaddie an email as soon as you register designating that you want to make one payment or two payments vs. eight payments to get a discount. CKA six-month participants are not eligible for any discounts (payment options or sibling discounts).

**Q: What is the practice schedule and is it different than stroke clinic?**

A: See the CKA Website for the Stroke Clinic times for the month of September and the practice schedule starting in October. Both are listed under the Team Info Tab on the Web site. For most locations the practice times are different from Stroke Clinic to the start of normal practices in October.

**Q: What group do I sign my swimmer up for?**

A: If you are a returning member, please sign up in the group your swimmer was noted to be in from the attachment in the registration email sent out in August. If you are a new member, please contact your site head coach to schedule your evaluation and learn group designation.

**Q: What if we start out as a six-month plan swimmer but my child decides to swim the rest of the season?**

A: If your swimmer decides to extend their swimming time to a full year, you will be billed the difference of the two payment plans. However, the stroke clinic payment will not count toward that total payment.
