

**Sanctioning for the Observation of
High School
Non-Championship Meets**

Article XVII of Section J, Subsection A. of the Iowa Swimming Policies and Procedures permits meets other than the Iowa boys and girls high school state meets to be sanctioned for observation upon approval by the ISI Board.

I request the board adopt a policy that allows non-high school state meets to be sanctioned for observation provided the following criteria are met:

A. The requesting party:

1. Makes the request to the Admin. Vice Chair at least 14 days prior to the meet;
2. Recruits the four officials necessary to observe the meet;
3. Obtains permission from the hosting school to have USA Swimming Officials as observers;
4. Verifies the USA Swimming memberships of the swimmers attending the meets; and
5. Facilitates the transfer of times to ISI in a format that permits the times to be easily transferred into the SWIMs database.

B. The observed meet not be within 60 miles of any other ISI sanctioned meet.
