Meeting Notes

IV. ISI Championship Events

- Discussed the possibility of adding the 50's of strokes to the 13-14 and Senior division for ISI's LSC Championships
No consensus reached on this, but a majority of the committee indicated that they did not support this
Note that this was proposed by the athletes at the USAS for the Zone meet and that there were not any athletes present during this meeting of the Technical Planning Committee
- Also discussed adding Mixed Relays to ISI's LSC Championships
There was not anyone on the committee that supported this
