

Open Water Task Force

The Open Water Task Force has been involved in three major events since the last HOD:

6/16/23 Open Water Zones (Kenosha, WI)

6/29/23 LSC Championships (Kenosha, WI) – canceled because of air quality issues.

8/8/23 LSC Championships Part Two (Manteno, IL) - the meet was combined with Illinois, Iowa, Wisconsin, and Minnesota with results separated by LSC. This is the second year Iowa Swimming has been able to participate in this combined Open Water Championships format, and we look forward to increased participation each year.

The group is starting to work on 2024 opportunities for Open Water in IA.
