

SRVC Report: Jan 2025

1. 2025 IASI Select Camp

- a. Coach Applications and Athlete applications will be completed by the Senior Committee and IASI office. Will disperse to everyone by January 15th, 2024.
- b. Coach and athlete applications due March 3rd. Accepted participants will be notified March 10th.
- c. General Info: Iowa Select Camp would bring together the top 13 & Over swimmers in the state in early Spring. Consider this type of camp a step down from the Regional Select Camps and Zone Select Camps that USA Swimming offers. Coaches would meet via Zoom twice in the lead-up to the event to discuss presentation topics, plan the overall training sessions, and discuss focus points. A collective Google doc would be set up to work collaboratively on practices before arriving on site.
- d. Promotional Flyer, *DRAFT* attached.
- e. Capping the camp at 40 athletes and 5 coaches total.
 - i. In the event multiple swimmers have Sectional time standards as we are selecting the 35th - 40th athletes, athletes with the highest point total on SwimCloud will be selected. Open to other suggestions for a tie-breaking system, if necessary.

2. 2025 IASI SCY Championship meet letter and event file distributed 1/09.

- a. Required a revision for the event file.
 - i. Recommendation: IASI office create event files to use moving forward and double check the information before distribution. I believe this is already in the works.
- b. Commemorative Caps- ordered per Athlete Committee request.
 - i. Coaches- please distribute the information to your teams
- c. Apparel- Pre-Order link distributed via social media. A push through email or any other IASI channels would be appreciated.

3. 2025 Spring Sectional Meet

- a. Facility surcharge will be raised in coming weeks.
 - b. Meet information otherwise remaining the same
 - c. P&P being constructed for future Chairs.
4. Informal request from IASI coaches: meeting/clinic/gathering of some sort to educate head coaches how to better prepare part-time and full-time assistant coaches for the administrative and 'dry-side' of coaching. We have several professional head coaches who feel burned out from the workload of the administrative side of coaching, but lack a formal support network to better prepare up-and-coming coaches who could take on more work if adequately prepared.
5. 2025 Spring Recruiting Panel- still in the planning phase
6. 2025 Coach Mentor Trip- still in the planning phase
