4. 2022-2023 IASI Senior Athlete Awards
 - a. As the Senior Committee agreed, Marie is helping to manually pull Top 20 times for Senior (15-18) Boys and Girls from April 1, 2022 through April 3rd, 2023 for top swimmers in the LSC.
 - b. Using manual calculations, instead of the automatically calculated SWIMS method, we will have the top three candidates based on SCY and LCM rankings. Then, the points system can be used as outlined in Section K for rankings.
 - c. We are aiming to replicate this as close to what has been done in the past.
 - d. After the full report is generated, Marie will help check to make sure each athlete meets the additional eligibility requirements (i.e.: competed in 3 sanctioned meets, 3 events each meet").
 - e. Important- If coaches want to ensure a specific swimmer is considered for the award, we need coaches' help to make sure their times are included in the final, total report. It's a LOT of times, some of which have been missing because of SWIMS3.0 updates, and we want to be confident in the final decisions. **Coaches should check with Marie and myself to make sure their athlete's top times are included.**
