

Meeting Minutes - Technical Planning Committee

Tuesday, September 6 at 9:00pm

I. Welcome

II. [Qualifying Times for 2023 Championships.](#)

Established based on a percentage of championship time standards, with changes being 11-12 at +15%, 13-14 at between +10% and +15%, and senior at +10%. Compared to previous standards (considered those pre-covid), the majority of events have gotten slower to allow increased participation, without allowing for drastically impacting timelines.

Time Standards Approved.

III. Committee Structure Brainstorming

Voting board member for TPC chair existed before USA Swimming adjusted bylaws. Adding gives the ability to make motions, instead of requesting a sponsor. Concern over how adding an additional voting member could impact board participation numbers, especially with required athlete percentage. Committee supports pursuing opportunity.

Thad discussed the possibility of streamlining TPC produced meet announcements to a uniform style and format.

IV. Adjourn
