

## Safety Committee Meeting

Monday April 19, 2021

Start time 7 pm, ended 7:45 pm

Attending: Mo Schiffman, Stephenie Glissmeyer, Rhys Winter, Pierre Guzman

SSRP-

We have 11 teams with SSRP, 4 submitted and about 7 with points. We need about 22 teams out of 29 to reach the 75% mark.

Discussed current USA swimming cash and voucher incentives for SSRP with deadlines in May, June and July. All money earned should be earmarked for athletes and their benefit and not get lost in the general fund.

Mo Schiffman; "If there's money out there, I want it!" We talked about ways we could get more teams to start the SSRP process. Stephenie and Pierre are each going to follow up with several teams and Mo and Mark will continue working with the teams they have contacted. Will follow up next meeting.

**See attached for current USA Swimming incentives.**

Mo explained the LTC Calendar and the LEAP standards that must be met this summer and 2 items Utah Swimming committed to help the committee with:

1. Letter from the Board to go out to all Utah Swimming teams explaining the goal of having 100% of the teams SSRP by September.
2. Thermometer on the Utah Swimming Website that will list each team who has achieved their Safe Sport Recognition, as a visual reminder of how close/far we are from achieving this goal.

APT- Reminders, this month was good and we didn't have a lot of members who had lapsed or forgot to get it done. Continue to keep reminding and publicizing the importance of APT.
